**Judge John Murrile**

*APPLICATION FOR REGION 51*

Mr. Douglas Frankhouser, Chairman  
NPSPAC Region 51

Dear Chairman Frankhouser:

Wharton County 700MHz application.

Wharton County requests the assignment of six (6) radio channels by Region 51 for the aid in expansion of the regional Project 25 (P25) trunked radio system. The addition of these frequencies are required to provide the coverage and loading for the growing number of users in this area of the regional P25 radio system.

These 6 frequencies we are requesting will be used at the new Pierce Department of Public Safety tower site and for system coverage in Wharton County and expansion by adding additional sites to increase capacity for users to the Regional system. **This also complies with the new Region 51 700 mhz. plan verbally agreed upon between Harris County, City of Houston, Brazoria County, Galveston County and Wharton County.**

The requested frequencies are needed to establish a P25 interoperable communication system between Wharton County and the existing Regional System. The P25 digital system is designed to bring the regional communications to the highest level of interoperable communications available.

The appropriate APCO, FCC forms and coverage maps have been completed and are attached. Coverage maps follow TIA/EIA TSB 88 guidelines and include interference area studies.

Equipment has been purchased and installed awaiting frequencies.

Implementation will be completed within twelve (12) months after the FCC has authorized the request of frequencies.

Sincerely,

Judge John Murrile  
Wharton County

*APPLICATION FOR REGION 51*

Region 51 Application for 700 MHz Radio Spectrum  
Supplemental Form

Mr. Douglas Frankhouser, Chairman  
NPSPAC Region 51

Dear Chairman Frankhouser:

Wharton County 700MHz application.

Wharton County requests the assignment of six (6) radio channels by Region 51 for the aid in expansion of the regional Project 25 (P25) trunked radio system. The addition of these frequencies are required to provide the coverage and loading for the growing number of users in this area of the regional P25 radio system.

These 6 frequencies we are requesting will be used at the new Pierce Department of Public Safety tower site and for system coverage in Wharton County and expansion by adding additional sites to increase capacity for users to the Regional system. **This also complies with the new Region 51 700 mhz. plan verbally agreed upon between Harris County, City of Houston, Brazoria County, Galveston County and Wharton County.**

The requested frequencies are needed to establish a P25 interoperable communication system between Wharton County and the existing Regional System. The P25 digital system is designed to bring the regional communications to the highest level of interoperable communications available.

The appropriate APCO, FCC forms and coverage maps have been completed and are attached. Coverage maps follow TIA/EIA TSB 88 guidelines and include interference area studies.

Equipment has been purchased and installed awaiting frequencies.

Implementation will be completed within twelve (12) months after the FCC has authorized the request of frequencies.

Sincerely,

Judge John Murrile  
Wharton County
