

IFAS BID module changes for FY 2010

Overview This document lists changes made to the IFAS Budget Item Detail (BID) module for the upcoming fiscal year (FY 2010).

- Changes**
1. The upper portion of the BD3441 can now be entered through IFAS on the BDPOSB and BD3441 screens. Positions that have been approved, but not effective or in the system until after the budget request deadline, can be entered into the BDPOSB screen and appear on BD_FORM_411.
 2. Revenue will no longer be entered on the BDMISC screen. All revenue will be entered directly on the BDREV screen.
 3. Amount fields now accept billion dollar amounts.
-

Training Training for the IFAS BID module is available during October. To register, visit the Harris County Employee Training page at <http://www.hctx.net/training/> and click *Register for Budget Item Detail – 2008 Training*.
