
Our Vision

“The greater Houston Area will become a community with a coordinated system of HIV prevention and care, where new HIV infections are rare, and, when they do occur, where every person, regardless of age, gender, race/ethnicity, sexual orientation, gender identity, or socio-economic circumstance, will have unfettered access to high-quality, life-preserving care, free of stigma and discrimination.”

*Houston Area Comprehensive HIV Prevention and Care
Services Plan for 2012 through 2014*

Please join us as we officially embark
on our *vision* for HIV prevention and care in the Houston Area
